First name:	Vasilis
Last name:	Theodoulidis
Country:	Greece
Hospital:	General Hospital of Athens "Alexandra"
Department:	First Department of Obstetrics and Gynaecology National and Kapodistrian University of Athens
Current position:	Consultant in Obstetrics and Gynaecology –Fellow of Gynaecologic Oncology

Motivational Statement

Dear ESGO members,

My active involvement in Gynaecologic Oncology started as an Academic Fellow at "Papageorgiou" hospital of Thessaloniki. In 2018 I started my Subspecialty Fellowship in the Gynaecological Oncology Unit at the First Department of Obstetrics & Gynaecology of the University of Athens, in "Alexandra" Hospital. There I have the opportunity to work in a referral tertiary center. My everyday practice includes both clinical and scientific work. I also participate in the training program of medical students and young residents of obstetrics & gynaecology.

Applying for being an ENYGO National Representative comes with the motivation to contribute in strengthening international collaborations. I strongly believe that real progress can only be achieved through international joined effort to improve both educational training and clinical research. My goal is to wide the network of existing collaborations, involving great people from all over Europe in order to actively expand scientific knowledge.

It will be an honor if I have the chance to serve as the next ENYGO Representative of Greece. I am aware that this position comes with great responsibility and I am fully committed to the growth and development of ENYGO vision for Gynaecological Oncology.
