

APPLICATION FORM FOR the NATIONAL REPRESENTATIVE OF ITALY

First name:	Fabio
Last name:	Martinelli
Country:	Italy
Hospital:	IRCCS Foundation, Istituto Nazionale Tumori of Milan – Italy
Department:	Gynaecologic Oncology
Current position:	Attending Physician

Dear colleagues,

My name is Fabio Martinelli and I am an ESGO certified European Gynaecological Oncologist, in a country where there is no formal gyn-onc fellowship. My interest in gynaecological oncology started when I was still a student in Medicine, during an internship at Department of Gynecologic Oncology at IRCCS Foundation - National Cancer Institute of Milan – Italy. During my training I had the opportunity to attend at The University of Texas MD Anderson Cancer Center - Gynecologic Oncology and Reproductive Medicine Department, at the Department of Gynaecology and Gynaecological Oncology of Kliniken-Essen-Mitte and at the Universidad Autonoma of Madrid. I am an Editorial Board Member of the International Journal of Gynecological Cancer, the official journal of the IGCS and ESGO. I strongly believe in national and international collaborations and cooperations in the aim to grow a huge community of gynaecologists, oncologists, radiation oncologists, pathologists, surgical oncologists and all people dealing with gyn-onc. I believe in networking across the globe, without any barriers, for a 2.0 medicine, in the aim to share knowledge and offer the patients the best care. I'd like to contribute to put the bases for the next generation specialists in gynaecologic oncology and to raise attention on a sometimes neglected specialty (gynecologic oncology). Gyn-Onc does not only deal with gynaecologic cancers, indeed it encompass all the oncologic field when talking about oncofertility and fertility preservation. I'd also like to promote and facilitate national and international internships/fellowships to improve the education and skills of all the participants.

Thank you for your kind support.
Fabio Martinelli
