

## APPLICATION FORM FOR the NATIONAL REPRESENTATIVE OF POLAND

<b>First name:</b>	<b>AGNIESZKA</b>
<b>Last name:</b>	<b>RYCHLIK</b>
<b>Country:</b>	<b>POLAND</b>
<b>Hospital:</b>	<b>THE MARIA SKŁODOWSKA-CURIE NATIONAL RESEARCH INSTITUTE OF ONCOLOGY IN WARSAW, POLAND</b>
<b>Department:</b>	<b>GYNECOLOGIC ONCOLOGY</b>
<b>Current position:</b>	<b>CONSULTANT</b>

Dear ESGO members, Dear Friends

I am Agnieszka Rychlik, consultant gynaecologic oncologists working currently in The Maria Skłodowska-Curie National Research Institute of Oncology in Warsaw, Poland. I have finalized my 2-year ESGO fellowship in Institute Bergonié in Bordeaux, France under the tutorship of Professor Denis Querleu. Before I was trained in Obstetrics and Gynaecology in La Paz University Hospital in Madrid, Spain under the leadership of Doctor Javier de Santiago Garcia and Ignacio Zapardiel Gutierrez. There is where I found an interest for gynecologic oncology, made my first steps in this subspecialty and finally where I have also finished the PhD studies.

Last year, I returned to my homeland after 10 years of this European journey and joined a motivated team from the National Institute of Oncology.

Besides that, I am an associated editor of the ESGO eAcademy, working on the ESGO educational portal since 2018.

I am a great enthusiast of the European Society of Young Gynaecologic Oncologists. Representing Poland in this international group of young people would be a real privilege and above all a great chance to move things forward, here in Poland. I am convinced that Europe and team work is the only way to go. ENYGO is evolving in a fabulous way, spreading education and supporting fellows and young gynaecologic oncologists. Poland should be a part of this change.

I present my humble application and if you consider my candidature, I am ready to work hard and do my best as Polish ENYGO NATREP.
