Dear colleagues,

I am a 38-year-old gynecologist, fellow in Gyne-Oncology with Prof. Mathevet at the Lausanne University Hospital.

I am an ESGO and ENYGO member since several years and also an active member of the SFOG Campus in France. I developed various projects with the SFOG Campus and with Prof. Mathevet and I published several scientific articles.

I would like to send my application for the national representative of Switzerland in order to be able to actively participate in ENYGO projects and make our reality known within the European framework.

I am a very active person who likes to collaborate with colleagues and learn from different experiences.

Vote for me and you will not regret it!
