

## CANDIDATE PROFILE

**ILKER KAHRAMANOGLU, TURKEY**

**ELECTIONS FOR THE ENYGO EXECUTIVE GROUP 2021-2025**

Name: **Ilker**

Last name: **Kahramanoglu**

Country: **Turkey**

Hospital: **Emsey Hospital**

### **Motivational Statement**

As a consultant gynecologic oncologist, I'm looking forward to the opportunity of being a member of ENYGO Executive Group. During my formal education in gynecologic oncology, I had the chance to participate in many opportunities provided by the ESGO/ENYGO, including short clinical visit, workshops and LIFE reports. I was privileged to meet and work with a lot of former and present EEG and ENYGO members as well as visiting a well known center in USA which has broadened my perspective. My experience gained from working abroad in different countries and knowledge I've learned from Future Leaders Academy of ENYGO has helped me improve skills required in network group with common goals.

ENYGO helps members to be fully prepared in gynecologic oncology era by improving both medical and social skills. I have great interest in developing ideas for training and education in gynecologic oncology. I believe I can bring fresh energy, creative ideas and continue to work on this mission.

My experience, achievement, ambition and determination make me an ideal candidate to maintain a strong partnership and connection between the ENYGO Executive Group and ENYGO members. As a member of ENYGO Executive Group, I will demonstrate determination and ambition by doing my best to bring excellence to the group.

## **Brief Curriculum Vitae**

Address: Atilla Ilhan Cad. Efe Sok. No:6. Atasehir/Istanbul
