

## CANDIDATE PROFILE

**PAUL STANCIU, UNITED KINGDOM**

**ELECTIONS FOR THE ENYGO EXECUTIVE GROUP 2021-2025**

Name: **Paul**

Last name: **Stanciu**

Country: **United Kingdom**

Hospital: **West Hertfordshire Hospitals NHS Trust**

### **Motivation Statement:**

My name is Paul Stanciu and I am a Consultant Gynaecological Oncologist in the United Kingdom and the ENYGO representative for this country.

Even though I had most of my Gynaecological Oncology training in the UK, I followed the ESGO curriculum and got the European accreditation. I feel that the ESGO training is one of the best structured training programs and for me it has been a wonderful journey full of accomplishments and rewards. I think all the European trainees who wish to pursue a career in Gynaecological Oncology should complete the ESGO curriculum and get accredited.

It is my opinion that one of the roles ENYGO should take is to be actively involved in improving the quality of training for young gynae-oncology fellows through professional development programs, such as Travelling Fellowships. The United Kingdom has one of the best medical systems in the world with multiple opportunities for research and young fellows will benefit from visiting this system throughout their training.

As a member of the ENYGO Executive Group I hope to help deliver this goal to our younger colleagues.

## **Curriculum Vitae:**

### PERSONAL INFORMATION

#### **Paul I Stanciu**

 United Kingdom  
 +44 (0) 7497 112 977
